

Laurel Lane Safeguarding Curriculum

LAUREL LANE
PRIMARY SCHOOL

At Laurel Lane we believe that every child has the right to grow up and develop, in a loving and caring environment, where they are respected and valued, as individuals. Through our Safeguarding curriculum, we give children the tools that they need to develop and encourage healthy relationships with themselves and others, as well as preparing them for the next stage of their emotional and physical growth. Through a progressive approach we build and develop upon key concepts, which are continually revisited throughout their educational journey.
